# 1ID and Fort Riley Weekly News Update for August 17, 2012

**Irwin Army Community Hospital (IACH)** – IACH personnel would like to have a working relationship with ALL of its patients, they are wanting your feedback whether it be positive or negative. If you are having issues while you are at the clinic it may be something that can be resolved on the spot. Please ask for the AO (Admin Officer) or a GPM there on site to resolve all issues face to face. Sometime after you have left you are unable to remember names or even dates. Often, when you arrive home and start typing what happened into an ICE Comment, it is interpreted differently than what might have actually happened. Families also tend to put personal information in an ICE Comment that is read by numerous people, in order to resolve the issue that has been presented. Don't leave the clinic unhappy, visit with the AO (Admin Officer) or a GPM. Listed below are the AO's for each clinic, they will assist families immediately while you are still in the clinic. They are also willing to come out and speak to your FRG and Steering Committee meetings to help get this word out.

Custer Hill Clinic- Walter Long 240-7070

Farrelly Health Clinic- Robin Harris 240-5548

Dept of Surgery/ Specialty Clinics- Fran Dinklecamp 239-7280 or Toni Murphy 239-7944

IACH- Tony Pablo- 240-7498

Army Provider Level Satisfaction Surveys (APLSS) - Remind Families to fill out the APLSS surveys the hospital can get up to \$175 back per positive survey to bring more items or personal into IACH (see flyer) Survey statistics being filled out between the dates of Sep 2011 to May 2012: Active Duty Soldiers: 6 out 100(5.8%) Soldiers, Spouses 10 out of 100 (9.6%), Retires/Spouses under the age 65 are 45 of 100 and Retires over 65 are 64 out of 100 are filling out and returning these surveys. **Running Technique Clinic** – Do you want to learn to run more efficiently and with less strain on your back and knees? Do you need to run faster for your next APFT or race? Are your lungs on fire when you run uphill? Do your joints hurt when you run downhill? This 90 minute clinic will teach you how to position your body and foot strike to maximize your momentum and reduce your injuries. The clinics will be scheduled a few times a month at King Field House and Long Gym. There are only 4-5 minutes of running during the clinic for gait analysis so the clinic is fine for brand new runners. Clinics can also be scheduled for groups (unit PT, FRGs, etc) by contacting Angi. The clinic costs \$15 per person and includes instructional handouts. Please come dressed in running clothes to start the clinic indoors and then move outside for the gait analysis and uphill and downhill running section. If possible, please sign-up and pay in advance with Vincent Spencer (Fitness Coordinator) upstairs in the Functional Fitness Area at King Field House. To register (registration is required prior to clinic date) please contact Angi Buckley at 785-375-4490 or [angibuckley@yahoo.com](mailto:angibuckley@yahoo.com).
