Units and/or organization will submit an electronic copy of the FR Form 28 to, usarmy.riley.1-id.mbx.military-schools-and-troop-school@mail.mil . All questions and/or concerns with the application process should be directed to the appropriate POC listed for each course

b. Reserve component soldiers submit applications per the instructions in paragraph 5 of the General Information Section in the front of the catalog.

c. The Training Coordinator will develop a tentative class roster when at least 10 applications are received prior to class start date.

d. A final roster will be developed within the first hour of the class. This roster will indicate attendees and no-shows.

e. Standby applications will be accepted up to the class report time. Standby students will be seated on a first-come, first-served basis.

f. When more requests are received for a particular class than there are seats available, an additional class may be scheduled if resources are available. Units may request a class for a specific date by contacting the Military Schools Program Administrator. If resources are available, the class may be added.

g. Commanders should request only one class date for their students.

h. Class rosters will be developed using "approved" and/or "standby" categories. The approved status is a confirmed seat in the class. A soldier on "standby" status may get a seat due to cancellations or no shows, standbys should report to the school the first day of class.

i. Units will not receive shortfall notifications for cancellations received and processed prior to class report date.

3. **COURSE NON-CONDUCT:** Course enrollment is monitored and courses not filled to the required minimum will be non-conducted 4 weeks prior to the start date to allow units to reintegrate Soldiers into other training events.

4. **OFF-POST PERSONNEL:** Installation commanders will ensure their personnel attending Troop School meet all prerequisites. Personnel at off-post installations must request class seats in accordance with paragraph 2, ensuring that the student's standard name line is correct. On-post housing is generally available. A memorandum listing the names and SSN of students, class and dates of class as well as the amount to be paid, method of payment and unit POC must also accompany the request.
