

“ I KNOW
HOW
IT FEELS ...

to be one paycheck away from disaster.”

MY SOLUTION... I was more than \$100,000 in debt when my parents brought me to a Financial Peace workshop. That workshop helped me realize that debt had consumed my life and I cut up my credit cards. Today, my debt has been reduced by more than 75 percent, and I can honestly say that the knowledge I gained during Financial Peace saved my financial life.
