

Welcome to the Centurion Family! I would like to invite you to participate in the Centurion Family Readiness Groups. A Family Readiness Group or FRG is an organization of family members, volunteers, and soldiers. Each company runs an FRG, headed by volunteer spouses. The purpose of the FRG is to provide an avenue of mutual support, a network of communication, and assistance to our families. The goals of the FRGs are:

- to assist families to become self-reliant, especially when they are tied to the Ft. Riley support network.
- to keep families informed of events and programs on post that can assist them in improving their quality of life.
- to promote esprit and a sense of community

The 1-34 Armor Team is made up of soldiers, supporting units, and Centurion Families. I invite you to be active in our family, support our soldiers, make friends, and have fun.

If you would like any information, please contact the Battalion Adjutant. You may also want to visit the [Ft Riley Homepage](#) in order to become familiar with family assistance activities available on post.

I look forward to meeting you.

CENTURION 6
